Commissioner for Patents

Applicants Response filed 04/08/2009 is acknowledged.
Applicants elected group 2. The elected species corresponding to the Group 2 provided by the applicant is a chemical formula which consists of at least six variables A, X, G1, G2, G2, G3. Based on the multiple possibilities defined for A, X, G1, G2, G2, G3, a meaningful search can not be initiated. A telephone conversation with attorney of record Eric Sinn on 05/08/2009 and on 05/26/2009 did not result in the identification of a single compound or a single class of compounds corresponding to the said formula. It was requested in the Restriction/Requirement 03/09/2009, page 3, line 2, that a 'Election of a single disclosed species' is required'. Hence Applicants response to Restriction/Requirement is non-responsive.
